

Pupil premium strategy statement

Fairlands Middle School (Reviewed Autumn 2024)

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	482 (2023-2024)
Proportion (%) of pupil premium eligible pupils	10.58%
Academic year/years that our current pupil premium strategy plan covers (3-year plans are recommended)	2023-2026
Date this statement was published	December 2024
Date on which it will be reviewed	December 2025
Statement authorised by	Rebecca Bennett
Pupil premium lead	Paul Stephens
Governor / Trustee lead	Richard Holmes

Funding overview (2024-2025)

Detail	Amount
Pupil premium funding allocation this academic year	£87702
Recovery premium funding allocation this academic year	£0 (grant ended 2024)
Pupil premium (and recovery premium*) funding carried forward from previous years <i>(enter £0 if not applicable)</i>	£0.00
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£87702

Part A: Pupil premium strategy plan

Statement of intent

Objectives

- *The aim of the Pupil Premium is to identify and implement strategies that help increase social mobility and reduce attainment gaps between the most and least disadvantaged pupils.*
- *To review needs and individual circumstances in order to ascertain how to maximise progress and outcomes for pupils.*
- *To continue to develop and enhance high quality adaptive teaching which will enable every pupil, including Pupil Premium students to make, or exceed expected progress.*

How does your current pupil premium strategy plan work towards achieving those objectives?

The barriers and challenges disadvantaged pupils face are complex and varied. There is no single difficulty faced by all. However, we have identified several barriers that we believe are particularly relevant to our disadvantaged children in our context. The key barriers can be seen in the 'challenges section.

In deciding how to use our Pupil Premium grant, we draw upon the following sources:

- *Sutton Trust report 'School funding and Pupil Premium 2021'*
- *Education Endowment Foundation*

Our approach will be responsive to common challenges and individual needs, rooted in robust assessment and monitoring.

What are the key principles of your strategy plan?

- *High expectations of all pupils, regardless of background.*
- *A culture of collective responsibility for disadvantaged pupils.*
- *A strategy rooted in assessment and review.*
- *A system of early intervention for addressing need, including during transition and on entry where possible.*
- *A clear process and impact evaluation framework – Is it working/has it worked?*

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
-------------------------	----------------------------

1	Lower attainment and progress in Reading and Writing Identified through progress data (SATS and summer data end of year 8) & pupil voice. Students with reduced reading skills will have less chance of successfully accessing secondary/higher education in the future.
2	Lower attainment and progress in Maths Identified through progress data (SATS and summer data end of year 8) & pupil voice. Students with reduced literacy and numeracy skills will have less chance of successfully accessing secondary/higher education in the future.
3	Lower attainment and progress across the whole curriculum. Identified through progress data (SATS and summer data end of year 8).
4	Attendance disparity between PP/non-PP Identified through attendance data.
5	Engagement in wider extra-curricular & academic opportunities. Identified through pupil voice and monitoring of attendance for these opportunities. The need to create a sense of belonging within our students to engage with the opportunities on offer.
6	Class disruption/distractions/behaviour of peers Identified through behaviour data. The loss of learning, however negligible, will impact attainment in education.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
1. Improved reading and writing attainment	<p>All</p> <ul style="list-style-type: none"> • Full engagement with the whole school reading programme. PP students who are below expected progress, raise their NGRT reading scores by 12 months. <p>End of KS2:</p> <ul style="list-style-type: none"> • 80% to achieve age expected standard • 30% to achieve greater depth • NGRT tests to show progress over time <p>At end of year 8:</p> <ul style="list-style-type: none"> • 90% to achieve age related expectation (5+) • No greater than 0.5 average point score difference between disadvantaged and non-disadvantaged pupils.
2. Improved maths attainment	<p>End of KS2:</p> <ul style="list-style-type: none"> • 80% to achieve age expected standard • 30% to achieve greater depth <p>At end of year 8:</p> <ul style="list-style-type: none"> • 90% to achieve age related expectation (5+)

	<ul style="list-style-type: none"> No greater than 0.5 average point score difference between disadvantaged and non-disadvantaged pupils.
3. Ensure disadvantaged pupils make comparable progress to our other pupils.	<p>All Evidence of progress of disadvantaged students will be quality assured by:</p> <ul style="list-style-type: none"> Learning drop-ins Faculty reviews Book scrutiny Student voice Assessment data <p>End of KS2:</p> <ul style="list-style-type: none"> 80% to achieve age expected standard 30% to achieve greater depth <p>At end of year 8:</p> <ul style="list-style-type: none"> 90% to achieve age related expectation (5+) across all subject areas.
4. To raise the levels of attendance and punctuality of our disadvantaged pupils.	<ul style="list-style-type: none"> Attendance statistics and comparisons term by term. Comparison of disadvantaged and non-disadvantaged pupils' attendance and punctuality. Disadvantaged pupils to achieve the school expectation of 97% attendance. Gap between PP and non-PP narrowing over time. PP attendance improvement from baseline for every pupil (compared to the previous year)
5. Increased engagement in wider opportunities	<ul style="list-style-type: none"> Upward trend in pupils taking part in LEAP (leadership, enrichment, academia programmes) Upward trend in pupils taking part in extracurricular activities. Embed the new house system and house council. Upward trend in the number of students participating in house events. All disadvantaged students partake in careers programme activities.
6. Reduction of disruption in the classroom	<ul style="list-style-type: none"> Downward trend in conduct points Downward trend in number of pupils receiving multiple conduct points. Student voice/Staff voice/ lesson drop-in information.

Activity in this academic year (2024-2025)

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching

Budgeted cost: £50,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Improving high quality adaptive teaching through	The effects of high-quality teaching are especially significant for pupils from disadvantaged backgrounds: over a school year, those pupils gain 1.5 years' worth of learning with very effective teachers.	1, 2, 3

<p>CPD. (Raising Standards for all)</p> <p>Raising standards in writing, to include marking strategy to address misconceptions swiftly.</p>	<p>https://dera.ioe.ac.uk/30348/1/2teachers-impact-report-final-1.pdf</p>	
<p>On-line learning platforms</p>	<p>Using technology to support retrieval practice and self-quizzing can increase retention of key ideas and knowledge. Has an average impact of +6 months. Digital technology 2019.</p> <p>Education Endowment Foundation EEF</p>	<p>1, 2, 3</p>
<p>English Hub – Unlocking excellence English Hub CPD to support systematic synthetic phonics, language development and a love of reading across the school.</p>	<p>The effects of high-quality teaching are especially significant for pupils from disadvantaged backgrounds: over a school year, those pupils gain 1.5 years' worth of learning with very effective teachers.</p> <p>https://dera.ioe.ac.uk/30348/1/2teachers-impact-report-final-1.pdf</p>	<p>1, 3</p>
<p>Reading – Tutor time programme, all teachers are teachers of reading CPD</p>	<p>Reading comprehension strategies are high impact on average (+ 6 months). Alongside phonics it is a crucial component of early reading instruction.</p> <p>Reading comprehension strategies EEF (educationendowmentfoundation.org.uk)</p>	<p>1, 3</p>
<p>Support for the reduction of low-level disruption. (Behaviour and relationship training of all teaching staff)</p>	<p>Both targeted interventions and universal approaches have positive overall effects (+4 months). Schools should consider the appropriate combination of behaviour approaches to reduce overall disruption and provide tailored support where required.</p> <p>Behaviour interventions EEF (educationendowmentfoundation.org.uk)</p>	<p>3, 6</p>
<p>NCETM – National centre for excellence in the teaching of Mathematics – Raising levels of achievement in maths by working collaboratively, and by using detailed QLA to plan for interventions (including for those</p>	<p>The effects of high-quality teaching are especially significant for pupils from disadvantaged backgrounds: over a school year, those pupils gain 1.5 years' worth of learning with very effective teachers.</p> <p>https://dera.ioe.ac.uk/30348/1/2teachers-impact-report-final-1.pdf</p>	<p>2</p>

who need manipulatives)		
Embedding Formative Assessment – TLC 2-year CPD programme (EEF subsidised course)	<p>Schools receive detailed resource packs to run monthly workshops, known as Teacher Learning Communities (TLC), and teachers conduct structured peer observations focusing on the use of formative assessment techniques.</p> <p>Each monthly TLC lasts 75minutes. All teaching staff are involved and split into groups comprising 8 – 14 people. TLC agendas and materials focus on five key formative assessment strategies:</p> <ul style="list-style-type: none"> • ‘Clarifying, sharing and understanding learning intentions and success criteria’ • ‘Engineering effective classroom discussions and activities’ • ‘Providing feedback that moves learning forward’ • ‘Activating learners as instructional resources for one another’ • ‘Activating learners as owners of their own learning’ <p>Embedding Formative Assessment - subsidised programme EEF</p>	

Targeted academic support

Budgeted cost: £17,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
NGRT (GL assessment)	New group reading test is a standardised assessment to measure reading skills and identify gaps in learning to allow small group and 1:1 intervention strategies to commence in closing gaps between our disadvantaged & non-disadvantaged pupils.	1
LEXIA reading intervention for students who have identified as reading at lower than their age range	<p>Evidenced-based and designed from the best literacy and language research available, such as the science of reading and Structured Literacy. Both research-based and evidence-based.</p> <p>Reading comprehension strategies are high impact on average (+ 6 months). Alongside phonics it is a crucial component of early reading instruction.</p> <p>Reading comprehension strategies EEF (educationendowmentfoundation.org.uk)</p>	1

Reading fluency intervention	For pupils who have secured their phonics and decoding skills. Practising reading fluency will help bridge the gap between word recognition and comprehension. Reading comprehension strategies are high impact on average (+ 6 months) . Alongside phonics it is a crucial component of early reading instruction. Reading comprehension strategies EEF (educationendowmentfoundation.org.uk)	1
Unlocking Letters and Sounds Phonics	Phonics has a positive impact overall (+5 months) with very extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds. Phonics EEF (educationendowmentfoundation.org.uk)	1
SATS revision guides and workbooks	Pupils from disadvantaged backgrounds are less likely to have the systems in place to complete homework successfully. The revision guides will be used as a tool within lessons and beyond to support this. Homework has a positive impact on average (+5 months) , particularly with pupils in secondary schools. Primary schools (+3 months) Low evidence strength however and we are in a middle school system. Homework EEF (educationendowmentfoundation.org.uk)	1, 2
Widget Online	Widget Online is used to create visual materials to support communication and learning, creating vocabulary sheets, curriculum resources, social stories, visual timetables and more.	1, 2

Wider strategies

Budgeted cost: £20,702

Activity	Evidence that supports this approach	Challenge number(s) addressed
Drawing and talking intervention for a person-centred therapy focussing on intervention and recovery (therapeutic intervention)	Social and emotional learning approaches have a positive impact on average, of 4 months' additional progress in academic outcomes over the course of the year. This finding, however, has very low security, so schools should be especially careful to monitor the efficacy of SEL approaches in their settings. Social and emotional learning EEF (educationendowmentfoundation.org.uk)	4
Thrive trauma informed approach to improving the mental health and well-being of children (social and emotional development)	Social and emotional learning approaches have a positive impact on average, of 4 months' additional progress in academic outcomes over the course of the year. This finding, however, has very low security, so schools should be especially careful to monitor the efficacy of SEL approaches in their settings. Social and emotional learning EEF (educationendowmentfoundation.org.uk)	4
ELSA – emotional literacy support assistant – Support young people’s emotional	Social and emotional learning approaches have a positive impact on average, of 4 months' additional progress in academic outcomes over the course of the year. This finding, however, has very low security, so schools should be especially careful to monitor the efficacy of SEL approaches in their settings.	4

development to help them cope with life changes.	Social and emotional learning EEF (educationendowmentfoundation.org.uk)	
Lego Therapy	<p>LEGO® Therapy is a collaborative, play based social skills intervention. It is designed to improve social competence in children with Autism Spectrum Conditions (ASC) and other related conditions, however it is useful for many children with language or social communication difficulties.</p> <p>Social and emotional learning approaches have a positive impact on average, of 4 months' additional progress in academic outcomes over the course of the year. This finding, however, has very low security, so schools should be especially careful to monitor the efficacy of SEL approaches in their settings.</p> <p>Social and emotional learning EEF (educationendowmentfoundation.org.uk)</p>	4
Lunchtime Hub	The Hub is a welcoming and low stimulus space available to pupils who need a space to re-regulate or use their individual strategies. This is staffed at lunchtimes by our trained ELSA and Thrive practitioners to support pupils who find unstructured times challenging. They receive SEMH support informally here, as part of our early intervention programme.	4
Wellbeing welcome – daily - staffed	<p>Social and emotional learning approaches have a positive impact on average, of 4 months' additional progress in academic outcomes over the course of the year. This finding, however, has very low security, so schools should be especially careful to monitor the efficacy of SEL approaches in their settings.</p> <p>Social and emotional learning EEF (educationendowmentfoundation.org.uk)</p>	4
Pupil premium promise – Support with contributions to costs for visits, revision guides etc	Tackle and reduce the anxiety that the socio-economic disadvantage brings.	3, 4
PP Mentor role, specifically recruited to support small groups and individuals based on identified barriers to learning.	<p>The impact of mentoring varies but, on average, it is likely to have a small positive impact on attainment. (+2 months)</p> <p>Mentoring EEF (educationendowmentfoundation.org.uk)</p>	1,2,3
Extra-curricular activities, including sports, outdoor activities, and arts and culture - for example, supplemented music lessons for disadvantaged and school trips	Building a culture of belonging within the school community	5

<p>Improving attendance by reviewing systems of monitoring of PP students, connecting with families and complete check-ins.</p>	<p>Evidence shows that the students with the highest attendance throughout their time in school gain the best GCSE and A Level results. The research found that pupils who performed better both at the end of primary and secondary school missed fewer days than those who didn't perform as well. The data also shows that in 2019, primary school children in Key Stage 2 who didn't achieve the expected standard in reading, writing and maths missed on average four more days per school year than those whose performance exceeded the expected standard. Similarly, in the same year, secondary school pupils who didn't achieve grade 9 to 4 in English and maths missed on 10 more days on average over the key stage than those who achieved grade 9 to 5 in both English and maths.</p>	<p>1, 2, 3, 4</p>
<p>Working with Parents to Support Children's Learning</p>	<p>Parents play a crucial role in supporting their children's learning, and levels of parental engagement are consistently associated with better academic outcomes. Evidence from our Teaching and Learning Toolkit suggests that effective parental engagement can lead to learning gains of +3 months over the course of a year.</p> <p>Working with Parents to Support Children's Learning EEF</p> <p>Actionable recommendations from the report are as follows:</p> <ul style="list-style-type: none"> - Encourage a consistent approach to behaviour e.g. introduction of a an Evidence-based Parenting Programs Incredible Years - Tailor school communications to encourage positive dialogue about learning 	<p>4, 5 and 6</p>
<p>Student Passports – SSAT initiative to support children's cultural capital, citizenship and employment prospects</p>	<p>Academic achievement is important but preparing students for life after education requires more than this. The SSAT Student Passport provides a framework for students to record a huge range of life experiences beyond the academic with the aim of enriching their cultural capital, engaging them in citizenship and preparing them for employment.</p>	<p>5</p>

Total budgeted cost: £87702

Part B: Review of the previous academic year (2023-2024)

Outcomes for disadvantaged pupils

Overall, a more targeted approach needs to be taken in the year ahead (24-25) This review is in the wider context of the work undertaken in the last academic year on whole school improvement and the rapid raising of attainment, culture and standards. As standards have raised overall, so disadvantaged pupils have also benefitted from a purposeful learning environment, a well-sequenced curriculum and increasing adaptations. SIP visits and Ofsted report September 2024 capture impact also.

Whilst cohorts of PP students are small in each year group, the gap remains stubborn between them and their peers in all areas. Anecdotally, some families are struggling more than ever in our community. Some pupils in this group are doubly disadvantaged as they have identified SEND needs also.

KS2 SATS results 2024 (Pupil Premium only)

Whilst PP outcomes at year 6 were still below that of their peers and compared to national average, there has been progress this year and all results have improved, with particular impact in Maths. However, care must be taken with comparison due to cohort size. Writing needs to be the focus in the year ahead, as the data shows that PP students are lagging behind PP students nationally.

Subject	2023 (PP cohort 18 pupils)	2024 (PP cohort 9 pupils)
Reading	32%	62% (national 64%)
Writing	41%	43% (national 60%)
Maths	32%	58% (national 61%)

*national PP results cited <https://ffteducationdatalab.org.uk/2024/09/the-disadvantage-gap-at-key-stage-2-in-2024/>

KS3 progress data

Our year 8 exit data for 2023-24 show significant gaps still exist between PP and non-PP pupils. This highlights the need to review the disadvantaged strategy and amend our focus in closing those gaps.

- English Language PP (-0.86 in 2023 to -0.83 in 2024) non-PP (-0.31 in 2023 to -0.24 in 2024)
- Gap in 2023 = 0.55 Gap in 2024 = 0.59 – **Gap has increased by 0.04**
- English Literature PP (-0.91 in 2023 to -1.22 in 2024) non-PP (-0.11 in 2023 to -0.55 in 2024)
- Gap in 2023 = 0.80 Gap in 2024 = 0.67 - **Gap has decreased by 0.13**
- Maths PP (-1.64 in 2023 to -2.06 in 2024) non-PP (-0.62 in 2023 to -0.80 in 2024)
- Gap in 2023 = 1.02 Gap in 2024 = 1.26 - **Gap has increased by 0.24**
- Overall PP (-0.63 in 2023 to -1.02 in 2024) non-PP (-0.12 in 2023 to -0.27 in 2024)
- Gap in 2023 = 0.51 Gap in 2024 = 0.75 - **Gap has increased by 0.24**

Intervention

PIXL Maths Intervention – January to May 2024

13 PP pupils accessed PIXL maths interventions making an average improved scaled score of 4.9

Phonics

3 PP pupils accessed individual phonics through Read, Write Inc, Fresh Start. There was an average of 24 months improvement.

Lexia Reading Programme

15 PP pupils accessed Lexia Reading and had an average of 22 months progress over a 9-month period.

Positive behaviour interactions by year group – all compared to PP

Positives	Number awarded 2023-24 - Year 5						
	Term 1	Term 2	Term 3	March	April	May	June
ALL (100)	9427 (127)	12996 (135)	8346 (85)	6875 (71.6)	3867 (40.3)	3444 (35.8)	4160 (43.3)
PP (12)	1644 (109)	1706 (113)	1055 (70)	920 (61.3)	589 (39.3)	631 (42)	644 (42.9)
Positives	Number awarded 2023-24 - year 6						
	Term 1	Term 2	Term 3	March	April	May	June
ALL (103)	6855 (91)	9695 (96)	8957 (90)	6474 (64)	4179 (41.4)	1911 (18.9)	3997 (39.5)
PP (14)	1763 (88)	1909 (95)	1804 (90)	1300 (65)	760 (38)	525 (26.2)	912 (45.6)

Positives	Number awarded 2023-24 - Year 7						
	Term 1	Term 2	Term 3	March	April	May	June
ALL (100)	7929 (94)	9380 (82)	7597 (73)	6111 (53)	2774 (24)	3239 (28.16)	3692 (32.1)
PP (20)	923 (77)	807 (67)	644 (54)	578 (48)	307 (26)	452 (37.6)	426 (35.5)

Positives	Number awarded 2023-24 - Year 8						
	Term 1	Term 2	Term 3	March	April	May	June
ALL (108)	7196 (69)	8121 (61)	6137 (46)	4675 (34.8)	2368 (17.7)	3088 (23)	2834 (21.1)
PP (15)	973 (54)	896 (50)	672 (37)	544 (30.2)	257 (14.3)	494 (27.4)	407 (22.6)

- Across the year on average students who are PP were receiving fewer House Points than non-PP children, however, this statistic was continuously dropping across each year group especially between March and June.
- The most significant achievement can be seen in May and June where children across all year groups were receiving on average more House Points than non-PP students.
- Year 6 most noticeably ensured that PP and non-PP children were awarded equally and if not equal, PP students were only less than 5 points below non-PP children or above.

PP Attendance to Extracurricular Clubs and Visits

Disadvantaged pupils take up opportunities across the school. The wide range of activities (that have also been pupil-led) have encouraged all pupils to engage and benefit from the school's wider offer.

Extracurricular clubs attended by PP pupils during lunchtimes and after school for at least one term or more

Year 5: 85%

Year 6: 49%

Year 7: 81%

Year 8: 71%

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.

Programme	Provider
